In order to transport students to and from the University of Utah, and for other field trips/programming requiring transportation, the REFUGES Afterschool Program will utilize UTE Cabs, Yellow Cabs, other local cab services, and one or more vans provided by the Sudanese Community in Utah (SCUT). All drivers have contracted partnerships with the REFUGES Program, and have been thoroughly background checked.

Students receiving transportation from our program will be picked up directly from school each program day, shortly after school ends for the day. They will arrive on the University of Utah campus no later than 4:00pm. At the end of program each day, 6:30pm, students will be picked up from the University by their assigned driver and transported directly home. Students should arrive home no later than 8:00pm. Parents/Guardians will be informed in advance in the event that their student will be arriving home later than 8:00pm.

Each student receiving transportation from our program will be assigned a driver for school pick-up and home drop-off; these may or may not be the same driver both ways. Driver assignments are subject to change as needed. If a student will not be attending the program on a given day, or will not be taking a cab, it is their responsibility to inform the program coordinator and both of their assigned drivers at least one day in advance of the absence. If any student does not arrive at program with their assigned driver on a given day, and the absence has not been excused, their parents/guardians will be notified immediately. Students whose attendance drops below 75% may lose their assigned seat in the transportation provided by the REFUGES Program, and will be required to find their own transportation in the future.

If students will be transported to or from the program without the use of our services, would you like to be notified if they fail to arrive at the program before 4:30pm without having an excused absence?

Parent/Guardian Consent Form (FERPA)
Request for Release of Student Records

You, or your student, ________________, receives education support services from one or more organizations that are a part of the University of Utah’s Center for Science and Mathematics Education REFUGES (Refugees Exploring the Foundation of Undergraduate Education in the Sciences) program, which has been organized to promote the success and academic achievement of underrepresented and refugee students in grades 7-16. Collaborators on REFUGES include community organizations, schools, parents, and faith-based communities.

In order to implement effective programs, REFUGES is requesting access to personally identifiable academic student data including grades, progress reports, attendance records, discipline records, graduation records, registration records, and standardized testing scores. The participating student’s school and/or district may be asked to provide information directly to REFUGES, and/or participating students may be asked to provide the information. In addition to academic records, student’s Mathematics and English teachers, along with their school counselor, may be asked to provide information to the REFUGES Program regarding student behavior, academic proficiency, and progress towards high school graduation. Mathematics and possibly English teachers will be surveyed at least once each year and asked whether the student has made improvements in homework completion, class participation, and behavior. It may be necessary to share records, information, or data gathered by REFUGES with other community organizations such as the Sudanese Community in Utah (SCUT), the Department of Workforce Services, the Utah State Board of Education and/or with school officials such as teachers, principals, and guidance counselors.

The Family Education Rights and Privacy Act (FERPA) protects students and parents by prohibiting third parties from accessing student records, information, or data without express authorization from the student, or from a parent or guardian if the student is under 18. Exceptions to this general rule exist in cases where information is being requested by school officials with legitimate educational interests, in health and safety emergencies, pursuant to a lawfully issued subpoena, and in some other cases.

By signing below, you provide express written consent and authorization to REFUGES to access your/your student’s education records, information, or data from the student’s school, teachers, school counselors or school district. These records will be monitored by the REFUGES Afterschool Program Management in order to measure individual and group progress/improvements and effectiveness of programming. Data will be used to inform decisions made on program design, to identify students in serious need of academic intervention/support, and will be submitted anonymously to program sponsors and funders as part of REFUGES Program reporting requirements. The purpose for accessing or sharing records, information, or data related to your student is to better provide supplemental education services. Accessing or sharing records, information, or data will be done with the express purpose of promoting your own student’s academic success and achievement. No records, information, or data will be used for any purpose other than a legitimate educational interest.

The Consent will remain in effect until and unless it is revoked by the parent, guardian, or adult 18 years or older who signed it, or if signed by a parent or guardian, at the time the student turns 18. Parents, guardians, and adults 18 years or older have the right to revoke this consent and authorization at any time if said individuals do not want records information, or data shared with a particular entity, or if the individuals believe the sharing of records, information, or data is not in their best interest or that of their student. They also have the right to obtain copies of any information about said individual that is disclosed under this consent form.

Dear Parent/Guardian:

We are thrilled to inform you that Planned Parenthood Association of Utah will be offering the Positive Prevention Plus (P3) program at the REFUGES Afterschool Program. The program will be held during eleven, one-hour sessions in Fall 2019 for a total of eleven hours. The P3 program encourages healthy decision making, promotes prevention, and asks young people to be actively engaged in their own education. This program was designed to be implemented over eleven days to young people aged 14-19.

The P3 program also meets the following criteria:
- Medically and scientifically accurate
- Proven to result in positive outcomes by the Federal Office of Adolescent Health
- Age appropriate
- Appropriate for students regardless of gender, race, disability status, or sexual orientation
- Builds: knowledge of the consequences of teen pregnancy and risk situations, contraception and health services; self-efficacy to use birth control and condoms; parent-adolescent communication; refusal skills; and positive attitudes toward abstinence.

Participation in this program is voluntary and there are never any costs to you associated with this program. Your young person will also be asked to complete a short survey at the beginning of the program to help us learn more about who we are reaching. The questions on this survey will only include demographic information. At the end of the program they will be asked to complete another short survey to give us feedback on the program. Both of these surveys are voluntary and your young person can choose not to take them. Both of these surveys will be anonymous and your child’s name will not be on either form. You are welcome to preview the program materials. If you have any questions and/or would like to arrange a time to preview program materials, please contact L-E Baldwin or Halima Noor at the contact information below.
